since 1993-94. Some States like Kerala and Andhra Pradesh have also taken initiatives to launch their own schemes relating to distribution of solar lanterns.

The present prices of solar lanterns arc in the range of Rs. 3,000—5,000 per unit depending upon the make, model, quantity, place of supply and mode of programme implementation i.e. the tender mode or market mode. For the current year the admissible central subsidy per solar lantern is Rs. 1,300. For the North-Eastern region, including Sikkim, the central subsidy is 90% of the ex-works cost of the solar lantern, subject to a maximum of Rs. 3.000. Some States provide additional subsidy for the solar lanterns.

(d) The scheme is continuing.

Providing subsidy/assistance to private manufacturers of solar lantern

4037. MISSFRJDATOPNO:
SHRI RAJNATH SINGH 'SURYA' :

Will the Minister of NON-CONVENTIONAL ENERGY SOURCES be pleased to state :

(a) whether manufacturing and marketing of solar lantern is being done exclusively by Government agencies;

(b) if so. the details in this regard;

(c) if so, which private agencies arc engaged in its manufacturing and marketing;
